Parent Orientation on Outcome-Based Education (OBE)

Dear Parents

We extend our warm greetings to you as valued partners in your child's educational journey. As we embark on the new academic session 2024-25, we are excited to introduce you to the transformative concept of Outcome-Based Education (OBE), as endorsed by the Central Board of Secondary Education (CBSE). OBE is a student-centric approach that shifts the focus from mere content delivery to holistic skill development. It emphasizes the acquisition of competencies, critical thinking abilities, and practical application of knowledge. Through OBE, we aim to bring forth individuals who can thrive in an ever-evolving world. The CBSE has reimagined assessment practices to align with the vision of the National Education Policy (NEP) 2020. In the upcoming academic year, our question papers will reflect this shift with Competency Focused Questions that challenge students to apply concepts in real-world scenarios.

Our upcoming orientation session will delve into the rationale behind OBE, its benefits, and how it aligns with CBSE guidelines. We invite you to actively participate and gain insights that will empower you to support your child's learning journey effectively. Let us join hands to create a nurturing environment where every student thrives and emerges as a confident, competent individual.
